

Workers' comp is notorious for its twists and turns.

We see the whole picture.

And we will make your program work for you.

BENEFITS 1 GROUP

It's time to consider your workers' compensation premium rate and how it affects your bottom line. Has your cost for workers' comp coverage stayed the same despite having no injuries within the last few years or ever? **Benefits 1 Group, a fellow regional chamber member and NOACC's choice for workers' compensation third party administration, is offering a free evaluation of your workers' comp program and potential premium savings.** Benefits 1 Group will determine whether you qualify for a group rating discount, assess your current premium rate and claim activity, and consult on your overall program.

Benefits 1 Group has the NOACC Stamp of Approval. You're in good hands. Our highly trained professionals average 25+ years of experience. At Benefits 1 Group, you will find qualified and accessible experts with a passion for service, planning, and solutions.
